Dear friend,

Greetings! I have been asked to help to promote the next Transforming Luton Prayer time, which is to be held on the evening of Thursday March 18th at 7.45pm at True Vine Church. I have only been in Luton myself for ten months at the moment, but have been here long enough to know that there is great need for us to convene together as churches and pray for our town.

It is good to pray. It is good to pursue unity in praying together. It is good to cry out to God for this town that he loves.

The theme for the forthcoming prayer time will be local politics and more broadly public life in a season of impending election. We hope to have a number of different folk being interviewed on the night, who will help to guide our prayers.

Above and beyond this, however, can I commend these meetings to you? Please don't simply 'file' this invitation, but consider seriously promoting it with your people. There is enormous power as we gather from all different backgrounds to worship the one true God together, to proclaim what is true, to take captive wrong thinking in our town and to celebrate in the face of challenges.

There is a poster available that you may find helpful in publicising the evening. Digital copies are available at www.transforminglutonprayer.org.uk

Do forgive the SBC headed paper. This is not a Stopsley initiated event, but I thought I would write in a way that made it look authentic!! I look forward to meeting many of you on the night.

God bless you,

Steve
